Dear Sir:

The subject patent application issued with a notice that the patent term had been adjusted 662 days. A decision dated April 20, 2010 in response to a Request for PTA Recalculation In View of Wyeth raised the PTA to 767 days. Patentees believe this is incorrect and should be fewer days. The PTA calculation and the re-calculation of the Patent Office failed to include the delay in responding to the Notice to File Missing Parts of July 18, 2005 and the delay in filing the Request for Reconsideration of the Decision of April 11, 2006.

Respectfully submitted,

By  / Barbara G. Ernst /
